

S-DDH1.1

INDUCTION COOKTOP WITH DOWNDRAFT RANGEHOOD

SPECIFICATIONS

Rangehood Type	Induction Downdraft
GTIN	9351116001247
Country of Origin	Handcrafted in Italy
Controls	Touch Control
Speed Settings	4
Ducting Diameter	Rectangular Ducting
Recirculating	No
Extraction Type	Offboard Motor
Motor Options	SEM7A or SEM8A
Extraction Rate	605m3/hr
Filter Type	Aluminium Mesh Filter
Noise Level	38dBa (min) to 68dBa (max)
Lighting	1 x 6.5W Led Strip
Run-on Timer	10 Mins
Electrical Requirement	32A / 7.4Kw
Max Current (W)	511W
Product Dimensions (mm)	W860 x D490
Weight	55kg
Warranty	3 Years (6 years when Sirius ducting is used)

KEY FEATURES

European Made External Motor

Sirius External Motors (SEM) are designed for quietest hood ventilation. External motors reduce noise by being located away from the hood. Rest easy with our 10-year motor warranty for lasting performance.

Aluminium Mesh Filter

Easy to install and maintain, but it also provides superior filtration capabilities. Designed with a special deep pleat design that helps capture cooking odours before they enter the room.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

Light Strip

The light strip is conveniently located around the top of the downdraft, providing brighter illumination and a unique style feature. This improved visibility ensures that users can properly see what they are doing when chopping vegetables or stirring sauces.

Hand Crafted in Italy

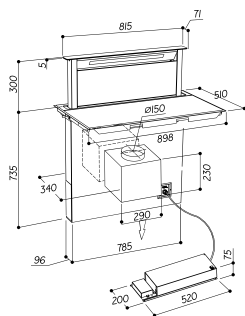

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.

4 Speed Settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.
