## KEY FEATURES

### OnBoard Brushless Motor

Onboard brushless motors provide enhanced durability, efficiency, and reduced maintenance due to their frictionless design, relying on electronic commutation for more precise and reliable operation.

### Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

### Aluminium Mesh Filter

Easy to install and maintain, but it also provides superior filtration capabilities. Designed with a special deep pleat design that helps capture cooking odours before they enter the room.

### Remote Control

This rangehood is equipped with a sophisticated, stylish remote control that offers users the convenience of adjusting fan speed, lighting and timer settings of the hood from a distance.

### 4 Speed Settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.

### Dynamic Lighting

Sirius Rangehoods have a dynamic lighting system that can be adjusted from 2700 to 6500 kelvin to match other lighting in the room. Adjustable temperature, and dimmable. Maximum design flexibility.

### Hand Crafted In Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
