NATURAL GAS CONVERSION KIT			
Natural Gas Conversion Kit for all Sirius BBQs			
	NGCK9, 0107-0604, AC27	<p>The Sirius Gas BBQ range (including models SIR-BG3101-BLK, SIR-DG3101-BLK, SIR-DSG0010-BLK) all come ready for use with LPG gas. Natural Gas use will need the conversion kit installed.</p> <p>Please note the side burner (SIR-DSG0010-BLK) can connect to the Sirius BBQ meaning only one conversion kit for the BBQ will be needed to convert both side burner and BBQ to Natural Gas.</p> <p>This process is outlined in detail within the relevant product user manual and should only be carried out by a licensed gas fitter or plumber who is familiar with this process. Sirius takes no responsibility for any damage that occurs during this operation.</p>	\$165

Features & Benefits

Effective as of 01/10/2023

Features & Benefits	Description
3 Year Manufacturer Warranty	Guarantees peace of mind and value for money knowing that any product fault or defect is covered by replacement parts and/or a service call.
Twin Skinned Hood	The double layer within the hood offers improved insulation and heat retention when cooking with the hood closed resulting in improved efficiency and a more steady temperature.
Black Powder Coated Enamel	Black powder coated enamel finish are highly resistant to heat and corrosion, making it easier to keep your burner in pristine condition.
Integrated Thermostat	A thermostat is cleverly integrated into the enclosed hood helping to provide an accurate reading of the internal temperature within the BBQ cavity for roasting with the hood closed
High Quality Burners	The 304 grade stainless steel and 3 x high quality tube burners and flame tamers assist with even heat distribution while reducing flare ups, helping to provide an excellent grilling experience.
Motorised rotisserie	Included motorised rotisserie great for roasting larger cuts of meat with a 10AMP plug-in motor. (Max. Weight of 7kg)
Stainless Steel Grill and Teppanyaki Plate	Removable and reversible open grill plates made from high quality stainless steel and 5mm Stainless Steel Teppanyaki Plate with easy lift handles
Comfort Electronic Ignition	Safe and easy Comfort Electronic Ignition System can be lit without the use of flammable and explosive matches and lighters.
Blue LED Lighting on Controls	Each of the BBQ's control knobs features long-lasting & energy efficient blue LED lights helping to make night time entertaining super easy and safe.
Flame Failure	Increased safety, reduced gas waste, peace of mind, compliance with safety standards, and user-friendly operation
Oil Management System	Makes cleaning simple as fats and oils drip down into the removable grease cup (DI) or drip tray (BI) at the bottom. The draining channels can be easily accessed for cleaning. See spec sheet for each model detail.
Bonus Extras	Weather Proof UV Protected Cover, S/Steel Warming Rack & Rotisserie Kit with Rod and Forks
