

SDD2ELEMIC58

NEW 580MM INTEGRATED DOWNDRAFT

SPECIFICATIONS

Rangehood Type	Integrated Downdraft Collection
GTIN	9351116005375
Country of Origin	Handcrafted in Italy
Designed to Suit	600mm GAS or Induction
Controls	Electronic Touch Control Panel And Separate Remote Control
Speed Settings	4
Ducting Diameter	150mm
Recirculating	Optional (Not Recommended please see website for more info)
Extraction Type	Offboard Motor
Motor Options	SEM71 & SEM81
Extraction Rate	SEM81 = 1650 m3/hr SEM71 = 2000 m3/hr
Filter Type	Aluminium Mesh Filter
Noise Level	Depends on motor / installation
Lighting	1X 5W Led Strip
Run-on Timer	10 Mins
Electrical Requirement	10A
Max Current (W)	507W
Product Dimensions (mm)	W833 x D97 x H300
Weight	40kg
Warranty	3 Years (6 years when Sirius ducting is used)

LINE DRAWING

KEY FEATURES

European Made External Motor

Sirius External Motors (SEM) are designed for quietest hood ventilation. External motors reduce noise by being located away from the hood. Rest easy with our 10-year motor warranty for lasting performance.

Aluminium Mesh Filter

Easy to install and maintain, but it also provides superior filtration capabilities. Designed with a special deep pleat design that helps capture cooking odours before they enter the room.

Can be Recirculated

This rangehood offers ducting out or recirculating options. Ducted expels air outside, while recirculating passes the air through specially designed filters and recirculates back inside.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

1X 5W Led Strip

LED lights emit less heat, saving energy and lasting longer, reducing replacement costs. Ideal for eco-friendly homes with excellent lighting quality.

Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
