

SPECIFICATIONS

Rangehood Type	Pendant
GTIN	9351116001117
Country of Origin	Handcrafted in Italy
Designed to Suit	600mm GAS or Induction
Controls	Remote Control
Speed Settings	4
Colours Available	White, Black, Silver, Gold, Copper
Recirculating	Yes
Extraction Type	Onboard Motor
Motor Options	Single Onboard Aluminium
Extraction Rate	600m3/hr
Filter Type	HP Recirculating Insert
Noise Level	68dBa
Lighting	7.5W Dimmable And Dynamic Led
Run-on Timer	10 Mins
Electrical Requirement	10A
Max Current (W)	110W
Product Dimensions (mm)	W690 diameter x H210
Weight	26kg
Warranty	6 years

KEY FEATURES

Single Motor

Power, performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

Recirculated Rangehood

This is a recirculated rangehood meaning no external ductwork required, making it suitable for apartments or homes without external venting options.

600M3/H Airflow

With a maximum airflow of 600M3/H, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from areas requiring ventilation.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

LED Light Ring

LED lights emit less heat, saving energy and lasting longer, reducing replacement costs. Ideal for eco-friendly homes with excellent lighting quality.

Remote Control

This rangehood is equipped with a sophisticated, stylish remote control that offers users the convenience of adjusting fan speed, lighting and timer settings of the hood from a distance.

4 Speed settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.

Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
