KEY FEATURES

Green Energy Single Aluminium Motor

Power, performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

25mm Stainless Steel Baffle Filters

Baffle filters feature interlocking baffles for effective grease removal, promoting smooth airflow. They're easy to maintain, offer superior filtration with a deep pleat design, and dishwasher safe.

Powerful Extraction

With a single motor this rangehood's impressive maximum airflow of 1930M³/H, quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from the kitchen.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

Dynamic Lighting

Sirius Rangehoods have a dynamic lighting system that can be adjusted from 2700 to 6500 kelvin to match other lighting in the room. Adjustable temperature, and dimmable. Maximum design flexibility.

Bi-Power Mode

Smart-Switch BI-Power offers energy saving and noise reduction, ideal for low-power cooking. Easily switch to extra power when required.

App Control

Rangehood compatible with Sirius app for mobile control via Wi-Fi. Download from Apple App or Google Play store. Adjust lighting, fan speed, and receive filter cleaning alerts.

Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
