KEY FEATURES

Offboard Green Energy Motor

Power, performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

Aluminium Mesh Filter

Easy to install and maintain, but it also provides superior filtration capabilities. Designed with a special deep pleat design that helps capture cooking odours before they enter the room.

Powerful Extraction

Sirius offers powerful rangehoods, providing superior extraction for all cooking styles. With revolutionary technology and advanced engineering, they're ideal for any kitchen.

Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

Dynamic Lighting

Sirius Rangehoods have a dynamic lighting system that can be adjusted from 2700 to 6500 kelvin to match other lighting in the room. Adjustable temperature, and dimmable. Maximum design flexibility.

Voice Control

Sirius introduces Voice Control, revolutionizing rangehood interaction. Users can command their hood using Google Assistant or Amazon Alexa, with intuitive responses.

Remote Control

This rangehood is equipped with a sophisticated, stylish remote control that offers users the convenience of adjusting fan speed, lighting and timer settings of the hood from a distance.

Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
