

## S-DDH2.1

3 Zone Induction Cooktop with Integrated Down Draft

### Features and Benefits:

Warranty	3 Year Warranty (4 year warranty when Sirius ducting used)
Booster Function on all Zones	Booster function to temporarily supply additional power to an induction zone to bring food to high temperatures quickly.
Bridge Function	Allows you to combine two cooking zones into 1 larger zone with combined power for larger pots.
Automatic Heat Up Function	Allows your cooktop to reach its desired heat at a faster rate by operating a full capacity and automatically switching back when the selected heat level is reached.
Keep Warm Function	Keeps your dishes warm to maintain food temperature before serving.
Touch Control	Electronic controls with sensitive touch keys for both the rangehood and induction cooktop allowing you to accurately and easily control temperatures and extraction specifications.
4 Speed Extraction	4 speed extraction provided in rangehood to allow you to control air extraction levels.
Safety Features	A variety of safety functions to provide an extremely safe cooktop design. Safety lock to prevent children from accidentally switching the cooktop on as well as timer function, over heating protection and operating time limitation.
Easy Clean Induction Surface	Smooth and easy to clean cooktop surface with no areas to attract grime and grease.
LED Lighting	10 watt LED strip light within rangehood design to provide efficient lighting during your cooking.
Stainless Steel Body	Rangehood made of AISI 304 grade stainless steel to provide a sturdy and durable finish.
MADE IN ITALY	Units are designed specifically for the Australian market and manufactured in Italy by dedicated boutique specialist manufacturer.
